Corsicana SEMI-WEEKLY LIGHT.

VOL. XLI

THE CORSICANA SEMI-WEEKLY LIGHT, CORSICANA, TEXAS, TUESDAY, FEBRUARY 2, 1926.

ARRESTS EXPECTED MONDAY IN CONNECTION BATTLE WHEN ELEVEN PERSONS WOUNDED

75,014 BALES OF COTTON GINNED IN NAVARRO COUNTY

Figures released today by R. M. Albright, government cotton statistician for Navarro county, show that 75,014 bales of the 1925 cotton crop had been ginned prior to January 15, as compared with 83,120 at the same time last year. Round bales are counted as half bales.

JUDGE HAMILTON NOT SATISFIED AS TO ROAD SITUATION

SAYS PREVIOUS PROBES
SHOW UNREASONABLE
SUMS HAVE BEEN SPENT

By Associated Press.
Austin, Texas, Feb. 1.—The Travis County Grand Jury today instructed to make further investigations into the State Highway Department, before Judge James Hamilton.

He instructed the body to seek testimony bearing upon fraud or corruption, if any, in letting contracts by the commissioners of the highway department.

Judge Hamilton said investigations by two preceding grand juries show that enormous and unreasonable sums have been spent by the State Highway Department.

He instructed the February grand jury to review the testimony taken.

FORMER GOVERNOR SAYS WILL GIVE OUT HIS OWN INTERVIEWS

DENIES STATEMENT THAT HE
WILL BE CANDIDATE FOR
GOVERNOR

By Associated Press.
Austin, Texas, Feb. 1.—Former Governor James E. Ferguson today denied the reports that he would run for governor at the next election.

He said if he decided to run for office he would give out his own interviews.

R. R. Mizell was here today from Dallas.

By Associated Press.
Crockett, Texas, Feb. 1.—Arrests are expected today following the discovery last night that ten men and one woman had been wounded Friday in a fight at a dance near Possum Walk, twenty-five miles southeast of here.

The fight between the boys is said to have resulted in a feud of fifty years standing, resulting in a free for all battle in which pistols, shot guns and knives were used.

Cole James and Pate Hawthorne, the most seriously wounded, are not expected to recover.

The others wounded are Walter James, Henry Hawthorne, Joe Franklin, Burney and Roy Parker, Leslie Lowry, O. B. McClain, Burney McClain and their sister Arnett McClain.

By Associated Press.
Crockett, Texas, Feb. 1.—A number of persons were wounded, two probably fatally, in a free-for-all fight Friday night at Possum Walk, twenty-five miles southeast of here.

The trouble started, related reports received here, as the result of a fight between two boys at a dance and the general row was participated in by several members of a feud of more than 50 years standing.

Cole James and Pate Hawthorne were shot and probably will not recover. Walter James, Henry Hawthorne, Joe Franklin and Burney and Roy Parker were shot seriously. Leslie Lowry was severely cut, while three innocent bystanders—O. B. McClain and Burney McClain and their sister, Arnett—suffered flesh wounds when their automobiles were struck by buckshot. The latter three were sitting in the car preparatory to going home after attending a dance at the home of Will Hawthorne. More than 20 buckshot struck their car, reports said.

Pistols and shot guns were used in the general melee in which about 40 shots were exchanged.

COOLIDGE MAN IS FOUND DEAD MONDAY MORNING IN OFFICE

CORONER RENDERED VER-
DICT THAT DEATH WOUND
SELF INFLICTED

Special to the Sun.
Mexico, Texas, Feb. 1.—W. Andrew Chunn, aged 33, died at Coolidge, 12 miles from here, at 10 a. m. Monday from a gunshot wound pronounced by Coroner W. T. Grogan as self-inflicted.

Chunn's body was found on the floor of his office by his wife, who called at his office when he failed to answer a telephone call.

Chunn was agent for an oil company as district distributor of gasoline and oil.

No motive for the deed has been advanced.

N. L. Lupton of Waco was here today.

R. L. McCann of Fort Worth was here today.

VOTING STRENGTH IS SLIGHTLY BELOW LAST ELECTION YEAR

POLL-TAX PAYMENTS, HOW-
EVER, RUNNING AHEAD
LAST YEAR

According to figures at the tax collector's office Monday there will be approximately 12,000 qualified voters in Navarro county this year. The exemptions will reach approximately 700 and the poll taxes ranches 11,300. Compared with 1925, there were 10,266 polls and 557 exemptions for a total of 10,823. The increase in the number of poll taxes and exemptions is a little more than 1,000 over that of 1925. This is considered due to the fact that this is election year and "hot" political campaigns for the various state and county offices are expected.

The force of Tax Collector George W. Boyd was busy until midnight Saturday night. There has been 7,651 automobiles and 676 trucks registered. There will be a 25 per cent penalty attached to the registration of automobiles beginning Tuesday. The extra day for the registration of automobiles and trucks was given due to the fact that January 31, the last day for the registration of motor vehicles, came on Sunday. Those automobile and truck owners who register their vehicles before Tuesday, February 2, will avoid the 25 percent penalty.

County Attorney Ballard W. George announced Monday that it was a violation of the law to run automobiles or other motor vehicles subject to registration on the public highways without the 1926 license and that those doing so would be subject to prosecution.

He stated that he was instructing all of the officers in the county to arrest those driving cars without license. Another feature of the law this year is that a ruling has been received from the attorney general's department to the effect that those motorists who have registered their cars in other counties than those in which they reside, have not legally registered their cars and it will be necessary to register them in the county in which they live or be subject to prosecution. It has been said that many motorists have registered their automobiles in other counties.

Saturday was a big day at the tax collector's office and the cash receipts amounted to approximately \$192,000.

In 1924 when the peak of the oil boom was registered, there were 12,000 poll taxes paid and 701 exemptions issued in Navarro county. The above figures show that Navarro county is approximately holding the population registered here during the oil boom with only a decrease of a few hundred voters.

OKLAHOMA COTTON OIL COMPANY LOSES HEAVILY BY FLAMES

Oklahoma City, Feb. 1.—Fire destroyed the cotton seed warehouse of the Southwestern Cotton Oil Company and damaged about 100 bales of cotton here today.

The loss was placed at approximately \$300,000.

The blaze is believed to have started from a spark from an electric wire in the seed house.

LOSSES ESTIMATED MILLION AND HALF DOLLARS MONDAY

NINE RETAIL ESTABLISH-
MENTS AND OFFICE BUILD-
ING DESTROYED

By Associated Press.
South Bend, Ind., Feb. 1.—Fire in the business district here today destroyed nine retail establishments, causing a loss estimated at \$1,200,000.

While the downtown fire was burning, a blaze destroyed the Standard Oil Company's office building in the southeast section of the city, with a loss of \$300,000.

John Devleschower, captain of a fire company, was killed when, blinded by smoke, he fell from a building.

Two other firemen were injured.

The origin of the downtown fire is unknown, but sparks carried by a high wind is believed to have set fire to the Standard Oil building.

POULTRYMEN WILL MEET TUESDAY AT CHAMBER COMMERCE

MATTER OF HOLDING SPRING
POULTRY SHOW HERE TO
BE DISCUSSED

Poultrymen interested in the proposed holding of a Spring Poultry Show in Corsicana will meet at the Corsicana Chamber of Commerce, Tuesday afternoon, at 3:30 o'clock, for the purpose of discussing definitely about the proposed Spring Poultry Show, dates for holding the same, etc., according to an announcement Monday.

Henry Gentry, Navarro county demonstration agent, wishes every one interested in poultry of Navarro county to be present at this meeting.

Officials of the Chamber of Commerce are interested in this movement and poultry raising will be a part of the 1926 program of the organization.

Among those who have been invited for this meeting include Mark H. DeWitt, H. B. Bomar, Earl Martin, Johnny A. Pierce, Ben McKie, all of Corsicana; Frank McCusiston, Corsicana; M. R. A. Morgan Perry, Barry Route 2; E. E. Sherwood, Powell; Ike Kyser, Powell, and others.

Lee Satterwhite Goes to Austin

By Associated Press.
Amarillo, Texas, Feb. 1.—Speaker Lee Satterwhite left Saturday night for Austin. He would not give the purpose of his trip.

T. B. Banister of Dallas was here Saturday.

A. H. Moodie of Dallas was here today.

WILLIAM MITCHELL'S ARMY CAREER ENDED TODAY WITH ACCEPTANCE OF RESIGNATION

By Associated Press.
Washington, Feb. 1.—The army career of William Mitchell ended today.

It was brought to a conclusion by a formal notification from the War Department that his resignation from the army had been accepted by direction of President Coolidge. The acceptance automatically

cancelled the sentence of five years suspension from rank, command and duty in the army, imposed on the former air officer by the court martial which held him guilty of insubordination.

Mitchell's first attack as a civilian on the aviation defense will be launched late today in the form of a statement for publication in the morning papers of Tuesday.

R. M. Bayless of Houston was a visitor here Saturday.

H. C. Clark was here today from Houston.

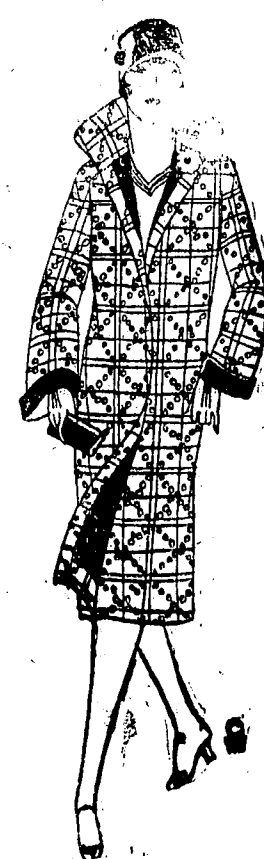

A. Walton is here today from Dallas.

H. B. Stribley of Memphis, Tenn. is here today.

RESCUE CREWS BRINGING OUT LAST VICTIMS MINE BLAST ALABAMA FRIDAY

By Associated Press.
Birmingham, Ala., Jan. 30.—Rescue crews today were bringing out the last of twenty-seven miners, eleven white and sixteen negroes, who were killed by an explosion at the Moss-brook mine of the Premier Coal Company near Helena, Ala., late yesterday.

Twenty-six of the fifty-three men in the mine at the time of the blast escaped uninjured.

Only three bodies remained to be removed today.

A premature explosion, caused by a gas pocket, was given as the cause of the blast.

The following bodies have been identified:

William Harris, Robert Ball, Doyle, Lamber, Carl and Jeff, Enoch Wood, and Percy.

The mine is a difficult one to access, and the rescue work is being done by a team of men, some of whom are experienced miners, and some are not.

A. among the teams of the Navarro County University of Texas Interscholastic League between Couch Berry of Blooming Grove, winner of the Class B title by their victory over the Richmond cagers; Carroll Stovall, athletic director of the Navarro County University of Texas Interscholastic League, O. P. Douglass, coach of the Corsicana Tigers, Class A winners of the league, and others, Blooming Grove forfeited

CHARGED FALSE STATEMENT IN ACCOUNT RENDERED STATE FOR ASPHALT BY HOFFMAN

By Associated Press.
Austin, Texas, Jan. 29.—The indictment returned Thursday by the Travis county grand jury against Vice President F. G. Hoffman, of the Hoffman Construction Company of Eastland, are based on an alleged false statement in an account rendered under oath concerning the quantities of asphalt used by the company on two Texas highways.

The indictments were made available Friday.

It is charged the company presented the State with a bill for 280,000 gallons of asphalt, totaling \$46,000, when in fact, according to the allegation, less than 20,000 gallons were used.

By Associated Press.
Austin, Texas, Jan. 29.—Capias has been issued against F. G. Hoffman, vice president and general manager of the Hoffman Construction Company, who was indicted Thursday by Travis county grand jury on a charge of perjury and swindling in connection with a state highway surfacing contract.

Hoffman is charged with having made out and signed by G. A. Davidson, president of the Hoffman Construction Company, R. J. Starnes, stockholder, and John D. McKee, attorney for company.

The grand jury reported shortly before 7 o'clock after weeks of investigating the state highway department.

Indictment of F. G. Hoffman and the report of the grand jury is the culmination of nearly four months investigation into the highway department.

It came during the Hoffman Construction Company trial in the 53rd district court, where Attorney General Dan Moody is seeking to recover \$42,000 damages and alleged excessive profits.

It is understood that the indictment was returned Wednesday and that Moody read it while in court.

Hoffman and Eugene T. Smith, secretary to the highway commission, were before the grand jury, Hoffman being called twice Thursday.

Card of Thanks.
We wish to express our sincere thanks for the many kindnesses and tender care shown us in the sickness and death of our darling wife and daughter, Opal McClintock (nee Smith). In our great sorrow without her it helps to know that so many were kind and attentive. Her husband, W. R. McClintock, Mr. and Mrs. W. H. Smith and Children.

COL. MITCHELL'S RESIGNATION HAS BEEN ACCEPTED

DECISION ON RESIGNATION ANNOUNCED BY SECRETARY OF WAR DAVIS

By Associated Press.
Washington, Jan. 29.—The resignation of Colonel William Mitchell from the army has been accepted.

In accordance with his expressed wishes, the air service officer will be permitted to step out on February 1st, thus automatically bringing to an end the five-year suspension to which he was sentenced by the court martial after conviction of breaking discipline by his criticism of the government aviation policies.

The decision was announced in a statement by Secretary of War Davis.

In Memory.
Tuesday evening, Jan. 19, 1926 at 7 o'clock the death angel visited the home of Mr. Ira Davis and took from them their mother and grandmother, Mrs. Mirilla Jane Davis.

Grandma had made her home with her son, since her husband's death, five years past.

She was laid to rest by her husband Wednesday afternoon about 3 o'clock. Grandma was 83 years 4 months and 6 days old when called to meet her savior.

She leaves one son, Mr. Ira Davis, two step-children, Mrs. Lewis Tanton and Mr. Charlie Davis, several grand children and a host of other relatives and friends to mourn her death. Weep not for your loss is heaven's gain.

She has said good-bye to sorrow. And has gone to live with Jesus. Yes, her face is lost to view.

One by one her hopes grew bright. As she traveled life's weary way. And we hope to meet her With the angels some sweet day.

We know its hard, dear loved ones To part with those we love best. But we can meet them in heaven Where we will all see peace and rest.

A soul has flown to heaven, A voice we loved is still, A place is vacant in the home Which never can be filled.

One by one our hopes grow bright. As we near the shining shore For we know across the river, Wait the loved ones gone before.

Written by Hanty Wallace and Alma Lane.

In Memoriam.
On the 17th day of January, the death angel visited the home of Mr. W. R. McClintock and took from him his loving wife, Opal.

She was 18 years of age, just entering the prime of life. It was so hard to give her up, but God saw fit to take her. Oh, how we wish that she might have been spared to mother her infant. She was sick but a short while. Alas, she was gone, and we were left to fill a vacant place.

Weep not, dear ones, but look to God. He is the one that can heal all broken hearts. Let's not wish for her back, but live such a life as to meet her over yonder.

She leaves to mourn her loss a husband, baby, mother, father, two brothers and a half-brother and sister and other relatives.

She was loved by all who knew her. How we will miss her pleasant face and sunny smiles. She had a smile for everyone she met. She was a devoted wife, a loving mother, and a kind daughter. We endeavor to thank the one who were so kind during her illness and death. May God bless each and every one in the dark hours of trial.

Our loss to miss you, maybe a few years, And tender memories of you keep us ever. Give her blessed one a sleep. He hard to break the tender cord. When love has bound our hearts, 'Tis hard, oh so hard, to say. Must we forever part.

We had a treasure once. She was all our joy and pride. We loved her perhaps to well, For she slept and died. In his wisdom has recalled A boon of love is given, Though the lady slumbers here, Her soul is safe in Heaven.

A precious one from us is gone, A place vacant in our hearts Which never can be filled. Though all this pain is given, She smiled a smile of heavenly birth.

And when the angel called her home, She smiled farewell to earth. All dark within that home, Lone are our hearts today. For one they loved so dearly Has never passed away.

TWO DIRIGIBLES IN LIST MADE OUT NAVAL AIR CHIEF

LARGE FLYING BASE ON PACIFIC WOULD ALSO BE CONSTRUCTED

By Associated Press.
Washington, Jan. 29.—Navy plans for the expenditure of \$14,000,000 over a five-year period for lighter than air craft development, were described today by Rear Admiral William Moffett, naval air chief, before the house naval committee.

The money would be used for these purposes:

Two dirigibles of 6,000-100 cubic feet capacity at a cost of \$4,000,000 each.

Training dirigible cost, \$1,500,000.

Establishment of a lighter than air base on the Pacific coast at a cost of \$4,500,000.

DAY LABOR TO BE USED MAINTENANCE LIMESTONE ROADS

Special to the Sun.
Mexico, Texas, Jan. 29.—Texas State Highway commission has established a policy of day labor for maintenance of state highways in Limestone county, according to Sam Thomas, Groesbeck, Limestone county inspector for the state.

Six grades are being employed in the county at a rate of \$16 a day for grader, four tractors and two men, he says. Gravel will be hauled at the same rate he says.

The 75 or 80 miles of state highways in the county will be kept in the best possible condition for gravel roads, Mr. Thomas says. De Witt Collins, Dudley Roan, R. M. Usry and E. R. Leach have been employed in four precincts to keep the roads in the best condition.

MUCH INTEREST IS SHOWN PRIZES FOR MEET HERE MAR. 20

SCORES OF PRIZES HAVE BEEN SUBSCRIBED FOR WINNERS

The following letter has been sent out to the various officials of schools of Navarro county by Ernest Cox, director general of the Navarro County University of Texas Interscholastic League, relative to the meet which will be held at the State Orphans' Home near Corsicana March 20. The letter is self-explanatory.

Superintendents and Principals, Navarro County Public Schools, Greetings!

You may or may not remember the act but you elected me Director General, University Interscholastic League for Navarro county at the Institute last September. So much in preface, so here is my message:

February 15, 1926, is the last day you can pay your fees for membership in the League. The money must be in Austin by that date. Fees should be made payable and mailed to "Roy B. Henderson, Director, University Interscholastic League, University Station, Austin, Texas." The amount of the fee is based on the size and kind of school as follows:

(1) Ward schools in towns and cities and Common Schools of the rural districts, which had under 100 scholars (pupils) last year pay \$1.00 for full membership. Those which had more than 100 scholars last year pay a \$2.00 fee.

(2) High schools, which last year had under 120 scholars in high school pay a \$5.00 fee. A high school is one having one or more teachers doing full time teaching, above the seventh grade. Junior high schools pay a \$5.00 fee also. All high schools in this division are classed as Class B high schools and their competitions governed accordingly.

(3) All other high schools, that is, those having above 120 scholars are Class A high schools. Corsicana high school and Kearsy high school are the only Class A high schools in Navarro county. \$8.00 fee.

I really plead with all, who have not sent in their membership fees, to do so at once. You need the League in your school and the League will suffer without you. It develops good citizenship in the boys and girls, gives them vigorous bodies and alert, responsive minds and competition with your neighbors. Friendly relations between Navarro county schools must be based on understanding, and understanding comes only through association. It is as vital as your class room work.

I am going to secure silver cups, gold medals and banners to tempt all. There will be a silver cup for each and every major division in athletics and the literary events of 30 altogether. The winners of first place in all literary events, such as debate, declamation, spelling, essay writing, music memory, etc., will receive a solid gold medal and second place winners will be given some small suitable award. There will be a gold filled medal for first place, a silver medal for second place and a bronze medal for third place in all track events. Winners in volleyball, tennis, and indoor baseball will receive either a small pennant or a medal. Large banners will be given the All-Around Class A, Class B, Ward and Rural champions. There will be \$750 worth of cups, medals, pennants and banners awarded. Fight for them. They will be worth your best efforts.

Then, too, the county meet will be held on the State Orphans' Home on Saturday, March 20. There will be a big lunch served free to coaches, officials and all contestants. Supper will be served also if the meet runs too late in the day. There will be plenty of ice water and lemonade for everybody. In other words your only expense will be in getting here. We want you as our guests.

I am going to visit as many of the Navarro county schools as I can before February 15. However, had with me may interfere. I hope you will mail your fee to Austin before February 15 and enter a full representation in each and every event, both literary and athletic. You can if you will.

I am sorry that this letter is so long but I wanted to put this message across to you fully in order to get plenty of action. If I can go to the trouble and personal expense of printing and mailing this to you you should be able to take the time to read it.

I end with a sincere wish for your most successful year in the League.

Yours for action, ERNEST COX.

P. S. I want each of you to write me just what you have done or are going to do, please.—E. C.

A Splendid Feeling.
That tired, half-sick, discouraged feeling caused by a torpid liver and congested bowels can be gotten rid of with surprising promptness by using Herbine. You feel its beneficial effect with the first dose as its purifying and regulating effect is thorough and complete. It not only drives out bile and impurities but it imparts a splendid feeling of exhilaration, strength, vim, and buoyancy of spirits. Price 60c. Sold by Inabitt Drug Co.

NEWSPAPER BOON TO MAN OHIO MAN TELLS PUBLISHERS

PLACED WITH HOME, CHURCH AND SCHOOL AS GREATEST INSTITUTIONS

By Associated Press.
Syracuse, N. Y., Jan. 29.—The newspaper was characterized as one of mankind's four greatest institutions by Grover Patterson, editor of the Toledo, Ohio, Blade, speaking before the New York State Publishers' Association Thursday night. The others cited were the home, the church and the school. Newspapers give people more honest service for less money than any other business on earth, he asserted.

Defending newspapers against unjustified attacks for things they do and do not do, Mr. Patterson said:

"It is the cheap and joyous custom to criticize newspapers. Nearly all public speakers, from snake charmers to preachers, attack newspapers for the reason that it is the simplest and easiest way to get quick applause."

Newspapers are imperfect in some respects, Mr. Patterson admitted, but he said this was due to the magnitude of the task which they attempt and the speed at which by necessity they are put together. In an arraignment of those who attack newspapers for publishing crime news he said:

"You may be sure the crime news criticizer always is the voracious crime news reader."

He asserted that American editors might be called conservative with regard to crime news, pointing out that much more of this class of news is published in English newspapers.

The four major undertakings of newspapers today Mr. Patterson listed as follows: To furnish an accurate information service in the proportion that experience and accumulated technique have taught; to act, in the editorial columns, as a brake on the leaping chariot wheels of a doubtful democracy; to popularize science; to enlarge its facilities and to become something more than a newspaper—to become an institution.

"Discussing 'The Making of a Newspaper' at the day session Hugh A. O'Donnell, assistant business manager of the New York Times, cited that newspaper as an example best to illustrate his subject. Reviewing the success of the Times under the ownership of Adolph S. Ochs, the speaker said: "What was the secret? I can answer in the sublimely simple modest phrasing of the genius who built the paper. It was founded on character. It was developed on a pinnacle which all may emulate. Whatever secret there is, he tells, it is merely this: 'The best policy is not policy, just honesty, industry and untrammelled judgment.'"

Sickly, Peevish Children.
Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, bad breath and takes no interest in play, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms, harmless to the child. Price 35c. Sold by Inabitt Drug Co.

Prominent Gin Man Died Early Friday AT HOME IN EMHOUSE

Special to the Sun.
Emhouse, Texas, Jan. 29.—Sam Hook, age 65 years, died at his home here Friday morning at 2 o'clock.

Funeral services were held at the Methodist church at 2 o'clock this afternoon and were conducted by Rev. D. P. Morrison. Burial was in Patterson cemetery.

The deceased is survived by his wife and four children, Mrs. H. B. Thornton, Miss Mary Kate, Noel and Bruce Hook. The last three named lived with their parents and Mrs. Thornton lives here. A grandson, Wayne Thornton, also survives.

Mr. Hook had been a resident of Emhouse for many years and was well known. He owned a gin here and had been engaged in that line of business several years.

He was born in Marietta, Georgia, came to Texas in 1880 and settled at Frost. In 1895 he married Miss Addie Kelly.

Palbearers were: B. Patterson, Joe Parrish, Will Hall, Fred Wood, Thad Beard, E. S. Payne and Tom Thornton.

Limestone County Cotton Ginnings Given 30,315 Bales

Special to the Sun.
Mexico, Texas, Jan. 29.—There were 30,315 bales of cotton ginned in Limestone county from the crop of 1925 prior to January 16, 1926, as compared with 55,394 bales ginned to the same date last year, according to a statement of Tom L. Cox, special agent, census bureau.

DISTRICT AGENT EXTENSION SERVICE A. AND M. RESIGNS

Special to the Sun.
Mexico, Texas, Jan. 29.—G. L. Crawford, district agent of the Extension Service of A. & M. College, having charge of work in twenty-five Central Texas counties, has resigned his post to take a position as economist of the Texas State Experiment Station, with assignment to a place for the study of embargo marketing.

This announcement was made here following a visit of Mr. Crawford, his last official tour of this district. His resignation is effective February 1, and G. W. Orms doing special district work, will succeed him as district agent.

The problems of the embargo grower of the Southern part of Texas will be the first job for Mr. Crawford. He hopes to work out a system of marketing this product, which will give the grower a greater percentage of the retail price at distant markets.

W. H. Wood of College Station was in town today.

Jack Sharp, Hardy, Borg, Spiz, Berg, Bob Poutray, Roy Willis and E. G. Rosamond were here Friday from Waco.

W. B. Cotton was here today from Trinidad.

Secrets Every Woman Should Know About Coffee

EACH COFFEE BEAN that we roast and pack is made up of many tiny cells, each filled with a volatile oil which is the strength, flavor, aroma, fragrance and taste of the coffee you enjoy.

This oil evaporates rapidly on exposure to the air, fleeting, fickle volatile oils are escaping, your cup of coffee is being robbed of the deliciousness you should get in buying coffee.

THE ROYALL C

WITH OUR MODERN PLANT where we roast and pack highest quality of coffee in our special vacuum cans a whiff of the wonderful, aromatic, volatile oil of the Cup Coffee can escape. That's why the Cup Coffee is better and goes farther per cent.

JAM OF ICE CAUSE LITTLE WATER FOR AMERICAN CATARACT

By Associated Press.
Niagara Falls, Jan. 29.—The American falls was virtually dry today.

Ice flows that swept down the upper Niagara from Lake Erie during the night increase the jam at Port Day, a quarter of a mile above the falls, almost completely checking the flow to the American cataract.

The brink of the falls is completely frozen over.

No water is dropping over the cliff.

The temperature is six degrees below zero.

EASTERN ROADS ARE PRESENTED DEMAND FOR WAGE INCREASE

By Associated Press.
New York, Feb. 1.—The Eastern railroad today received demands for increased pay for trainmen and conductors.

The demands were given until March 2 to make their answer.

The increase demand amounts to about one dollar per day.

ROBBERS BURN WAY THROUGH VAULT WITH ACETYLENE TORCH

By Associated Press.

Pawtucket, Rhode Island, Feb. 1.—Four masked and armed men today robbed the Central postoffice of eleven sacks of mail after binding the two men on duty and burning through the steel vault with an acetylene torch.

A check has been started to ascertain if any pouches contain valuable mail.

RETAIL MERCHANTS BANQUET WILL BE HELD NEXT THURS.

According to an announcement Monday by officials of the Retail Merchants Association the banquet of the organization will be held at the Corsicana Y. M. C. A. Thursday, Feb. 4th, as first announced by the organization.

Officials state that the meeting is for merchants and clerks and that a large turn-out is expected to be present.

LONG EXPECTED BOOST IN PRICE OF CRUDE OIL ARRIVES

By Associated Press.
Oklmulgee, Okla., Feb. 1.—The long expected raise in the price of crude oil reached the Mid-Continent area today when the Sinclair Crude Oil Purchasing Company advanced the market price twenty-five cents per barrel.

Special to the Sun.

Mexia, Texas, Feb. 1.—The Sinclair company today announced a 25 cent increase in the price of crude in the Mexia and Corsicana district.

MERGER BRINGS MANY COMPANIES UNDER ONE HEAD

By Associated Press.

Des Moines, Iowa, Feb. 1.—Details of a \$20,000,000 merger by which the Manhattan Oil Company of Delaware becomes the holding company for seven additional refining companies and another pipe line company of the Middle West were announced by H. E. Wormhoudt, a director of the company and general manager for Iowa. As a result of the merger, the Manhattan will become one of the major producing, refining and marketing companies of the midcontinent field.

Companies included in the merger as announced by Mr. Wormhoudt are the Kansas City Refining Company, the Manhattan Line Company, the Manhattan Companies of Iowa, Kansas, Nebraska, the Pyram Oil Company, the Greenland Oil Company, the American Oil Company, the new oil company of Albert board; J. P. Mar-Getty.

BUSY SESSION FOR U. S. LABOR BOARD IN CHICAGO MONDAY

By Associated Press.
Chicago, Feb. 1.—The United States Railroad Labor Board had before it today approximately seventy applications for increased wages or revision of rules, while the train service brotherhoods filed with individual railroad requests for increases.

The railroad officials said the increases asked by the trainmen and conductors in some cases exceeded the peak wages of 1920.

NEW TERRITORY IS OPENED BY FLOWING WELL IN CALLAHAN

Cross Plains, Texas, Feb. 1.—The H. G. Winnup wildcat on the Dible ranch, fifteen miles southwest of the Cross Plains townsite field, was drilled two feet deeper Sunday and responded with a steady flow gauging at the rate of 200 barrels per day. This well topped the sand about ten days ago at 3,700 feet and has been making about 3,000,000 feet of gas and spraying oil estimated as high as 75 barrels per day from the top of the sand. Completion has been delayed by casing trouble. It is now believed the well will make a big producer when fully completed.

The oil is of about 40 degrees gravity and samples taken during Sunday's drilling appear to be pure sand. This location is several miles from the nearest production and opens an entirely new pool that promises to rank high in importance among recent discoveries of this section.

WEATHER PROPHETS WATCH GROUNDHOG FOR SPRING DOPE

On the eve of groundhog day weather prophets are ready to take a note of the weather Tuesday to determine if the spring opening will be early or late.

February 2, annual groundhog day, the burrowing animal will emerge from his hiding and if he fails to see his shadow will remain out for the season, and consequently an early spring will be expected. However, should the weather be fair and the groundhog sees his shadow, he will become frightened so the story goes, and retreat into his den to remain forty days longer before venturing forth.

This will be taken as ominous of forty days more of cold rainy weather, and spring will not open in that event before March 15, as the time of forty days expires.

SENATE PROBE OF ALUMINUM COMPANY ASKED BY MONTANAN

By Associated Press.
Washington, Feb. 1.—A senate investigation of the Aluminum Company of American of which Secretary of the Treasury Mellon is a large stockholder was recommended in a resolution which was submitted today to the judiciary committee by Senator Walsh, Democrat of Montana.

This proposal is made, the senator says, because of doubts aroused as to the vigor and good faith of the Department of Justice in the conduct of its inquiry to establish whether the aluminum company has violated the federal court decree entered against it in 1912.

ADMINISTRATION ATTACKED IN SENATE BY UTAH DEMOCRAT

By Associated Press.

Washington, Feb. 1.—President Coolidge and the investigating agencies of his administration were attacked today in the senate by Senator King, Democrat of Utah, in connection with the formation of the new \$2,000,000,000 corporation by the Ward interests, to deal in bread and other foodstuffs.

Legion Auxiliary to Meet.

The American Legion Auxiliary will meet at 3:30 Wednesday afternoon at the Carnegie Library. All new members are especially invited to attend.

HUMBLE MONDAY POSTED NEW PRICE SCHEDULE FOR CRUDE

A new price schedule for Mid-Continent crude was posted here Monday by the Humble Pipe Line Company. The new price schedule covers twenty-one grades of crude beginning at 24 degrees gravity and including 44 degrees and above. The minimum quotation is \$1.08 per barrel with the maximum placed at \$2.68. This is an increase of eight cents between grades and a 25c increase in the high-end grade. The price quotation of November 21 put 44 and above at \$2.42 per barrel. The new price schedule was made effective at 7 o'clock this morning, and follows on the heels of the price boost made by the Sinclair Company announced early in the day. The schedule has been met by both the Humble Pipe Line Company and the Gulf Pipe Line Company. The Gulf buys little in this district, but is one of the main buyers in North Texas.

The Humble Pipe Line Company's new price covers Ranger, North, Texas, Mexia, Powell, Richmond, Wortham, Currie, Lytton Springs and Moran crudes. The new schedule is as follows:

Gravity	Price per bbl.
24 to 24.9	\$1.08
25 to 25.9	\$1.10
26 to 26.9	\$1.12
27 to 27.9	\$1.14
28 to 28.9	\$1.16
29 to 29.9	\$1.18
30 to 30.9	\$1.20
31 to 31.9	\$1.22
32 to 32.9	\$1.24
33 to 33.9	\$1.26
34 to 34.9	\$1.28
35 to 35.9	\$1.30
36 to 36.9	\$1.32
37 to 37.9	\$1.34
38 to 38.9	\$1.36
39 to 39.9	\$1.38
40 to 40.9	\$1.40
41 to 41.9	\$1.42
42 to 42.9	\$1.44
43 to 43.9	\$1.46
44 and above	\$1.48

The bulk of the Central Texas district production is included in the \$2.04 to \$2.28 grades.

The present price boost has been long looked for in local oil circles.

CRUMLEY, ELLIS CO. OPEN LARGE DISPLAY ROOM EAST FIFTH

Crumley, Ellis & Company, local agents for the Chevrolet automobiles, are spreading out. They have recently enlarged their display rooms at their garage and sales agency on West Fifth avenue, and have leased a building of approximately 100 feet frontage on East Fifth avenue where they will conduct their used car department of the business.

At this new place of business, which has been recently overhauled and remodeled, with the addition of a concrete sidewalk along the entire front of the building where there had been a brick walk, "Used Quality Cars" will be sold at this store only. These cars are taken in on new cars and are reconditioned and placed under a certain guarantee of service to the purchaser as to motor and other parts.

The firm is stocking up heavily on Brunswick tires and tubes and in connection with the opening of this new used car department, are conducting a sale of these tires and tubes, which they are selling at exceptionally low prices in order to acquaint the public with their new store. This firm has progressed with the city and have now found it necessary to secure more room, as well as separating the used car department from their regular sales agency and garage on West Fifth avenue, where they have for some time occupied a large building.

Kerens Couple Wed Sunday Afternoon

Kerens, Texas, Jan. 31.—Mr. Ira Dobbs and Miss Dowes were united in marriage at the home of Mr. and Mrs. J. G. Flanders Sunday afternoon at 3 o'clock. Reverend W. A. Corkern, pastor of the Kerens Baptist Church, officiating. The couple will make a wedding tour of Texas, after which they will be at home in Kerens.

—O—

Zion's Rest Entertained.
The play, "Little Grandma's" was given at the Zion's Rest church Friday evening to a packed house. The girls did their part well and our minds went back to the olden times in dear old "Grandma days."

In addition to the play there were several beautiful readings given by Aline Mitchell, Dorothy Brown, Louise Murphy, Francis Jones, Edwina Hodge and Jackie V. Jennings.

The pantomime, "Rock of Ages," was ably presented by four girls which added much to the evening's entertainment.

Mrs. George G. Smith sang in her own sweet impressive way "A Perfect Day" by Carrie Jacobs Bond, which closed the evening's program with a much better one in view. We are expecting great things from Zion's Rest church this year.

62D ANNIVERSARY KNIGHTS OF PYTHIAS TO BE CELEBRATED

Special to the Sun.
Kansas City, Feb. 1.—The 62nd anniversary of the Order of the Knights of Pythias will be celebrated here February 16 in Convention Hall, when Sicilian dramatic team will exemplify the rank and file in the "Exemplification of Friendship" in three acts. There will be several addresses.

Officers of the supreme lodge, supreme temple of Pythian Sisters, major general of the uniform rank, head of the endowment rank, imperial prince of the D. O. K. K. grand lodge officers of Missouri, Kansas and from many other grand domains, together with many other prominent Pythians will be here. The play will be filmed together with all the officers and delegations as they march in the hall, together with the Col. D. D. Kaiser class of over 200 members. This film will be shown over the Pythian supreme domain. Every Pythian is urged to be present.

Every lodge is expected to have a delegation in the film. Pythians whose lodge has no delegation are asked to join some who have.

A banquet will be at the Hotel Baltimore at 5 o'clock. All Pythians are invited. Reservations should be made in advance. The purpose is to give every Knight of Pythias and his friends an opportunity to meet the supreme officers, grand lodge officers, and all other prominent Pythians and their friends.

PENN & WINDSOR TEST SPUDDED IN NEAR POWELL SUN.

Penn & Windsor spudded in on the test to be drilled on the Burke tract, just northeast of Powell Sunday. Surface pipe was set and work is being resumed tonight. The bit will be sent down to the expected pay without delay. The test is in southeast corner of the Burke tract of the Van Horn survey, and is about 1,000 feet direct west of the test drilled on the Kiser tract by John W. Champion two years ago.

Doctors Moving Offices.
Drs. L. E. Kelton, W. T. Shell and K. Logsdon are moving their offices today into the new State National Bank building. They will be located on the eighth floor.

W. M. McDade of Dallas was here Friday.

J. B. Jarmin of Dallas was here today.

MAKING OUR HOMES BEAUTIFUL DEPARTMENT OF FINE AND APPLIED ART COLLEGE OF INDUSTRIAL ARTS

Selection and Hanging of Pictures.

In selecting pictures think of the shape of the spaces in which they are to be hung. If it is a long panel, select a panel picture; if a square space, select a rectangular shape having a "squares" appearance. If a circular or oval picture is to be placed in a square space it would be better to bring it into structural relationship some way—possibly by a square or oblong frame.

Buy pictures that are harmonious in color, composition and framing with other objects in the room. It is not good taste to use a conglomeration of oil paintings, water colors, prints, photographs and etchings together. A few of these may be used if they are related in treatment. Too many pictures of one kind is also in bad taste. If we would follow the Japanese in picture hanging we would be safe; they hang one picture at a time of the right size, in the right place and after enjoying that for a time they replace it with another beautiful picture until its charm sinks in and becomes part of them.

Beauty is soul food and we become like the things in which we live. The Japanese are too artistic to use pictures in numbers. Many Japanese prints on the market are very beautiful in color and composition and have the added attraction of being moderate in price.

Frames are needed to hold the picture in place and not to detract from it and to relate the picture itself to the wall. Narrow, dull frames of wood or gilt may be used on water colors; black flat wood moldings on Japanese prints and brown wood moldings on photographs which are finished in brown. All of these may be varied if desired. The width of the frame depends on the strength of the picture; for instance a narrow light weight frame would be more suitable for a quiet Dutch scene than for a picture of strong color and motion.

Hanging pictures is an art. The medium-sized picture should be hung with the center of the picture opposite the eye level of the average person. In order to live with our pictures we want them at that height, and usually over a piece of furniture, as a cabinet or a console table, so they are included in a decorative and friendly group. If several small pictures are used keep the tops of them in a straight line and group them together. Pictures hung in staircase fashion create a tiresome line if carried very far. Never use pictures to hide a stain, a hole or a blemish on the wall. If they are hung too high they will appear to associate with

Caldwell, Corsicana; J. S. Pugh, Angus; Jess Bartlett, Kerens; R. C. Bureka, Corsicana; A. M. Boyd, Corsicana.

During the month of January there were nineteen divorces granted by District Judge Hawkins Scarborough.

This was two more than were filed in the district clerk's office for the month.

The criminal docket of the district court was started Monday morning.

In the case styled the State of Texas vs. Wm. L. Parker, automobile theft, the jury returned a verdict of guilty and assessed the punishment at two years in the penitentiary. The defendant plead guilty.

Jake Scott plead guilty to theft in the district court Monday and was given two years in the penitentiary.

J. C. Lewis plead guilty in the district court Monday to the unlawful possession of intoxicating liquors for the purpose of sale and was given one year in the penitentiary.

Wiley Bishop plead guilty to burglary in the district court and was given a two-year suspended sentence. Another indictment for burglary was dismissed against the defendant.

In the case styled the State of Texas vs. J. B. Carroll, theft, the bond was forfeited.

The jury was dismissed until Wednesday morning at 10 o'clock.

District Clerk's Office.

During the month of January, there were thirty civil and divorce cases filed in the district clerk's office as follows: Injunction 2; divorce 17; to remove disabilities of minority 3; to try title and damages 1; partition 1; taxes 1; debt and foreclosure 1; notes 1; debt 2; damages 1.

Sheriff's Office.

Deputy Sheriff Rufus Peterson went to Quitman, Wood county, during the week end and brought Jimmy Waters, negro, charged with indictment with swindling in connection with the alleged "fleecing" of Bill Porter, well to do negro of the Pelham community, to the Dallas county jail, where the Navarro county prisoners are kept.

Wm. L. Parker, who has been in the Dallas county jail was brought to Corsicana to face trial here in the district court Monday for alleged automobile theft.

County Clerk's Office.

During the month of January, there were fifty-seven births and twenty-two deaths recorded.

There were sixty-nine marriage licenses issued during the month.

For County Clerk.

In another place in today's paper will be found the formal announcement of W. L. Merrell as a candidate for the office of county clerk of Navarro county. Mr. Merrell has lived in Navarro county for the past thirty-five years. He is married man of family and has many friends in this section.

At one time he was honored by the voters in electing him as tax assessor of this county which office he held with credit to himself and those who elected him. He is very popular in the county and his many friends feel assured that if he is elected to the office he seeks that he will make a very efficient county official and will at all times have the best interest of the people foremost in his mind. Mr. Merrell's many qualifications make him especially fitted for the office of county clerk. He is a thorough business man and is competent in every respect to hold this important office it is pointed out by his supporters.

VALUABLE PRIZE OFFERED IMPROVED KITCHEN CONTEST

An impetus was given the "Improved Kitchen" contest for Navarro county today when Miss Elma Lawson, home demonstration agent, was tendered a four gallon churn by a local hardware concern for use as a prize.

Miss Lawson explained that no calls had yet been made on the merchants for prizes to strengthen interest in the contest and that she felt particularly gratified at this indication of interest from a local business house.

Entries for the kitchen contest close on February 15. Only housewives in the county outside of Corsicana are eligible and their awards will be based primarily on the progress made in time saving devices and arrangement during the run of the contest. Winners in the county contests are entered for the state prizes. Full details of the contest, which has annually grown in interest in Texas, may be had by calling Miss Lawson at the Chamber of Commerce.

THOMAS HARTLEY DIED EARLY SUNDAY NORTH OF CORSICANA

Thomas C. Hartley, aged 20 years, died at the home of his parents, Mr. and Mrs. C. C. Hartley, five miles north of Corsicana on the Fortson Ranch, Sunday morning at 5 o'clock and the remains were interred in the Patterson cemetery near Embouse Monday afternoon at 3 o'clock.

The deceased was unmarried and as survived by his parents and several brothers and sisters.

PROMINENT AMERICANS WILL BACK EFFORT REACH POLE BY AIR ROUTE AT EARLY DATE

By Associated Press.

Washington, Jan. 30.—An independent expedition to explore the Arctic from the air is being organized by Lieutenant Commander Richard Byrd of Winchester, Virginia, who commanded the navy section of the McMillan expedition last summer.

The enterprise will be financed by American citizens among those who have already pledged support being John D. Rockefeller, Jr., and Edsel Ford, each of whom have offered \$20,000.

Commander Byrd is negotiating now with several concerns for suitable craft for the expedition, either of the dirigible or airplane type.

Each in his belief, has good points for such an undertaking. While it is not the plan to compete with the expedition of the Detroit Aviation Society, which intends to hop off from Point Barrow, Alaska, for the North Pole this year, the aims of the two are in certain respects similar.

Each will look for land in the unknown region between Alaska and the North Pole, and Byrd may also attempt to reach the Pole.

The navy officer's primary object, however, is to explore the unknown regions north of Greenland, Canada and Alaska.

BURGLARS ENTER HOME AND ESCAPE WITH THREE COATS

The home of Olin Mash, 1101 West Fourteenth avenue, was entered by prowlers Wednesday night between the hours of 7 and 8 o'clock and the house ransacked during the absence of the family for about one hour's time. A man's overcoat, a sheepskin lined coat and a boy's coat were among the articles reported missing by Mr. Mash Friday morning. It was stated that several small articles of little monetary value were also missing. A diamond bar pin lying on a dresser was evidently overlooked by the prowlers.

So far as has been learned no clue to the identity of the burglars has been secured and no arrests in the case have been made.

COURTHOUSE NEWS

From Friday's Daily:

District Court.
The case styled Thad A. Barreton vs. D. W. Ray et al., damages on 300 acres of Elijah Powers survey, has been concluded in district court. Friday afternoon at press time the jury in the case had not returned their verdict.

County Court.
The jury in the case styled the State of Texas vs. Ivory Johnson, aggravated assault in connection with the alleged mistreatment of his father, returned a verdict of not guilty Friday.

County Attorney's Office.
The two cases styled the State of Texas vs. Bob Pollock in connection with the alleged burglary of the Buckhorn Filling Station here, which were appealed to the Court of Criminal Appeals, Austin, have been affirmed by that court, according to information received here. Pollock was found guilty and given five years in the district court here. During one of the trials, the defendant attacked County Attorney Ballard W. George while he was making his argument before the jury.

Commissioner's Court.
The commissioner's court will meet in a special session Saturday.

Tax Collector's Office.
There had been 9,581 poll taxes and 593 exemptions issued Friday afternoon by the tax collector's office for a total of 10,174 qualified voters. There were approximately 12,000 poll tax and exemptions issued last year.

There have been 3,500 automobiles and motor vehicles registered thus far this year as compared with about 9,500 at the same time last year.

The payment of taxes was increased materially during the last few days. The final day for the payment of taxes is Saturday (tomorrow).

Justice Court.
Beatrice Irvin, negro, made bond in Judge Sam B. Jordan's court in the sum of \$250 in each of two cases of misdemeanor theft.

Joe Holmes, white man, made bond in the sum of \$500 in each of two cases for alleged theft and burglary in connection with the alleged burglary of the H. S. Shelton home here December 1, 1925.

was bound over to await the grand jury.

George W. Crumley was bound over to await the grand jury in civil matters Friday.

RAGING SEAS TAKE TOLL WHILE HUMAN HEROISM IS SHOWN

By Associated Press.

New York, Jan. 29.—The sea and human heroism have broken even in the latest renewal of their age-old battle.

The President Roosevelt, her husband's belching defiance of the gale, she has fought for four days, had resumed her way to Cherbourg Thursday night, with the whole crew of twenty-five men from the battered and helpless British freighter Antiope aboard.

Their rescue was the seaman's victory. A few hundred miles to the north and west, bits of wreckage on the still turbulent Atlantic give evidence of the battle the seamen won. They are all that is left of the Laristan, also a British freighter, which went down with her captain and twenty-five men.

The Roosevelt completed her victory early Thursday morning by the light of a moon which came out provisionally during a brief lull in the fifty mile gale. An oiler, the navy officer's primary object, however, is to explore the unknown regions north of Greenland, Canada and Alaska.

They were exhausted from hunger and battered by the waves. Earlier, Capt. George Fried of the Roosevelt, had wirelessed the rescue of the first twelve of the crew, but said the others had to be left aboard "because they were too weak to risk jumping into the sea."

Capt. Fried had stood by the Antiope since Sunday. Early Thursday he got a "blinker" code message from the thirteen left aboard, saying the ship was listing 50 degrees and could not stay up much longer.

Though the gale had abated a little, heavy swells were running and the waves were high. Nevertheless, the Roosevelt launched its sixth lifeboat. It succeeded.

A little later her wireless operator sputtered a message to the home office of the United States lines saying they were "on the way to Chergourg" again, regretting the loss of two of the crew who were drowned in an earlier attempt to reach the Antiope and leaving the freighter still afloat "a serious menace to navigation."

The general manager of the United States lines in New York immediately sent the Captain a message of congratulation. So did Capt. Paul Grenis, from London.

Two ships from the storm area reached New York Thursday, the French liner France, twenty-four hours overdue from Havre, and the Cunard liner Aquitania, two days late. On the France were three injured passengers and three seamen hurt when the heavy seas crashed through two port storm doors.

It happened when the France left her course last Saturday night in response to the first SOS from the Antiope. The France resumed her course when the Roosevelt sent out a message that she already was standing by the freighter.

The Aquitania suffered no damage although there was some excitement when a gust of wind as she was docking rumbled the big boat into the pier and splintered several beams.

Commissioner's Court. The commissioner's court will meet in a special session Saturday.

Tax Collector's Office. There had been 9,581 poll taxes and 593 exemptions issued Friday afternoon by the tax collector's office for a total of 10,174 qualified voters. There were approximately 12,000 poll tax and exemptions issued last year.

There have been 3,500 automobiles and motor vehicles registered thus far this year as compared with about 9,500 at the same time last year.

BLOOMING GROVE NOSED OUT CAGERS OF RICHLAND 9 TO 8

GILLAM TOSSED FREE GOAL TO WIN AS THE GAME ENDED

Gillam, forward of the Blooming Grove team, tossed a free goal as the whistle ended the game here Thursday afternoon at the Y. M. C. A. court, to win the game against the Richland cagers by a score of 9-8 in the game that determined the Class B championship of the University of Texas Intercollegiate League for Navarro county.

The Blooming Grove team staged a real comeback in the second half of the game. At the end of the first period, the score was 6-0 in favor of Richland. During the second period, neither side scored. During the third period, Blooming Grove accounted for six scores, while Richland made two scores.

Corbin of Blooming Grove was again the scoring leader of the game when he rang three field goals although he did not play a game equal to that flashed Wednesday afternoon against the Rice team.

This was the only game played by the boys Thursday afternoon. A tournament was scheduled to determine the winner among the Class B teams and Rural Shade, Richland and Blooming Grove were scheduled to play. Rural Shade failed to show up as has been the case on several former occasions and Athletic Director Carroll Stover forfeited their claim in the running.

Box Score—Blooming Grove.

OLDER MEN CAUSE MOST TROUBLE TO RESTAURANTEURS

By Associated Press.

San Antonio, Texas, Jan. 29.—It is the middle-aged or elderly patrons of the fashionable supper-dance places who persist in his, or her, attempts to drink intoxicants at the table, and who sometimes must be forcibly persuaded to desist, rather than the gay young exponent of the merry life.

This is the declaration of George F. Beatty, local maître d'hôtel after several years of experience in seeing that his guests obtain service and conduct themselves in such fashion as to preserve the good name of the cafe he supervises.

"The young people don't have to be warned more than once," Mr. Beatty said, "but it's the other way with men of middle age whose habits have formed and who want to have their way. They are offended when we tell them liquor drinking is not allowed, and they tell us who they are, and sometimes they are prominent citizens. Warned one time, they will return in a day or two and again take to their table a bottle or a flask of booze."

Once in a while some youth or girl of the type described as "jelly-bean," "shook," or "flapper" as the case may be—comes to Mr. Beatty's cafe under the influence of liquor. However, if his or her condition is detected, admittance is denied.

The majority of the younger generation, he asserted, are circumspect and yet merry when they come to this night resort to dance. And nearly all are agreeable and will do as requested.

Mr. Beatty has a successful system for preventing liquor drinking in his cafe. If a dinner party orders a bottle of ginger ale or mineral water and extra glasses and ice, that order must be reported by the waiter to Mr. Beatty, who calls a house detective to await developments at that particular table.

Usually, patrons who bring liquor are merely warned and in a manner that will not attract attention. If the guest is recalcitrant, a policeman is called.

Prevents Infection.
The greatest discovery in flesh healing is the marvelous Borzozol, a preparation that comes in liquid and powder form. It is a combination treatment that not only purifies the wound of germs that cause infection but it heals the flesh with extraordinary speed. Bad wounds or cuts which take weeks to heal with the ordinary liniments mend quickly under the powerful influence of this wonderful remedy. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c. Sold by Abbott Drug Co.

Seventy-fifth Birthday Is Celebrated Saturday.

John Bressie, an old and highly respected Navarro county pioneer, who lived for many years in the Navarro community, but who is now making his home with his daughter, Mrs. Joe Allen on South Thirteenth street, was surprised on his seventy-fifth birthday, which was last Saturday, by ten of his eleven children and their families appearing and spreading an elaborate dinner in honor of the occasion. Each of the children brought something in the way of edibles,

and there was turkey, ham and all the things to eat that go to make up an elaborate and well balanced menu. The central feature of the large table was the beautiful birthday cake carrying the seventy-five lighted candles. The children presented Mr. Bressie with a handsome walking cane, of which he is very proud, not so much because he needs it, but because of the sentiment attached thereto. Mr. Bressie is still hale and hearty for a man of his advanced years, and his many friends expect many birthdays to be celebrated in the years to come.

Mexia W. B. A. Enjoy Old Fashioned Dance

Instead of the regular meeting on Tuesday night of this week, the members of the Woman's Benefit Association enjoyed an old fashioned party in the club room at the K. of P. Hall. Costumes of ancient days were in evidence, many of the garments worn being old, and the wearers, Days of the hoop skirt and bustle, mutton leg sleeves and millinery that could be really classed as relics, caused much merriment.

Old fashioned games were played, old songs were sung, with only cords as accompaniment, and the old fashioned square dance, schottische, and Virginia reel, were indulged in.

Refreshments of old time ginger bread with black coffee was served from old style dishes on a table covered with a red figured damask cloth of ye-olden days.

The old "baken" basket with its gourd dipper caused many to forget precautions against public drinking vessels.

Electric lights were turned out leaving only the soft dim glow of coal oil lamps, lamps of lowered shade and "icied parlor variety"

For County Clerk.

In another place in today's paper will be found the formal announcement of Frank R. Young as a candidate for the office of county clerk of Navarro county. Mr. Young has been reared in Navarro county and for a number of years has lived at Blooming Grove where he is held in the highest esteem.

According to statement by Mr. Young, he has been a Democrat all of his life. Mr. Young also makes it plain in his announcement that he realizes the importance of the office and he wants the voters to know this. He further states that if he is elected that the office will be run in a manner that will save money for the tax payers. In connection with his statement "Mr. Young made the statement that "Believing that I am qualified and knowing the great responsibility, I shall maintain just enough assistants with ripe experience to meet the needs and requirements of the office. In conclusion Mr. Young stated that he had never held office before and had never been a candidate.

Bankrupt Stock Sale
Closed Saturday

H. L. Hollander, of San Antonio, has just closed a bankrupt stock sale at 114 South Beaton street and left Monday for San Antonio.

In closing the sale Saturday night Mr. Hollander issued a statement in which he thanks Corsicana people for their patronage during the sale and suggested that he might be back to Corsicana at some future date.

CONSULTING ENGINEER SAYS ROAD SURFACING PRICE WAS FAIR UNDER SPECIFICATIONS

By Associated Press.
Austlin, Texas, Jan. 30.—S. B. Moore of La Porte, consulting engineer, was the first witness called today in the Hoffman Construction Company trial.

He declared that thirty cents per square yard was a reasonable price for the State to pay under the specifications of the company's contract.

Moore said he was employed last April as consulting engineer in the Highway Department by Frank Lanham, at that time chairman.

By Associated Press.
Austlin, Texas, Jan. 30.—For four hours Friday Frank V. Lanham, former highway commissioner, chairman, and Attorney General Dan Moody engaged in a battle of wits that racked the Fifty-third District courtroom here, where the state's \$421,000 suit against the Hoffman Construction Company is being tried.

Lanham emphatically justified surfacing contracts awarded the American Road Company and Hoffman company. "I think we did a smart thing," he declared, referring to the two contracts.

Competitive bids were not asked on the American Road Company projects because he wanted to be certain the work went to responsible contractors, Lanham related. "Contract for 1000 miles of surfacing was no peanut job," he said.

"I see," Moody rejoined. "The reason you wanted to do it with one asphalt heating plant and three second-hand asphalt plants."

"I've heard that stuff a number of times. Each time you tell it the laugh from the crowd is a little less in volume. You don't say anything about two of the men of the company being worth a million dollars."

Moody and Lanham frequently exchanged heated passages.

Red Rust-Proof Re-cleaned Oats, with a full line of feed at attractive prices, at the Farmers Grain and Feed Co., 208 South 9th St., Corsicana.

DREADFUL PAINS Georgia Lady, Who Had Lost Too Much Weight, Was Advised to Take Cardui and Is Now Well.

Columbus, Ga.—Mrs. George S. Hunter, of this city, writes:

"After I married, thirteen months ago, I suffered with dreadful pains in my sides during ... My side hurt so bad it nearly killed me. I had to go to bed and stay sometimes two weeks at a time. I could not work and I just dragged around the house.

"I got very thin—I went from 126 pounds down to less than 100. My mother had long been a user of Cardui and she knew what a good medicine it was for this trouble, so I took the store after it and had taken the first bottle.

"and I began to feel better. I do not now."

CHAMBER COMMERCE IS PLANNING BETTER ROAD INFORMATION

Looking forward to the heavier amount of long distance automobile traffic through Corsicana late in the year, the Chamber of Commerce has taken steps to increase its sources of road information on Texas highways for the convenience of motorists.

Closer cooperation with Dallas has been arranged in the interchange of information, and the daily bulletin of Wm. H. Furlong, director of the San Antonio Chamber of Commerce, is now being received. The San Antonio office is counted one of the most active in the United States and has been a considerable factor in serving the tremendous California-Florida tourist trend through San Antonio.

The local office also gets regular bulletins from the State Highway Department, from the Waco Chamber and other points.

There is a growing trend of trans-continental traffic to come northward from San Antonio through Dallas and on to Shreveport and Memphis. Mr. Furlong points out in a letter received at the local Chamber that a possible shorter route through Corsicana, Athens and Tyler would be a strong drawing card for this artery of tourist travel.

There were good roads. Mr. Furlong is going to log this route in a few weeks for the information of his office and has agreed to stop over in Corsicana and discuss the tourist outlook for the summer.

Navarro is known as a "double point" among travel bureaus due to lack of permanent roads and the daily mail reports on local road conditions which are sent out are supplemented by collect telegrams in event of heavy rain.

Material for three national tourist service agencies in preparation of their tourist year books have been supplied this week by the local chamber.

COURTHOUSE NEWS

From Saturday's Daily District Court.

The criminal docket will be taken up in the district court next week, beginning Monday morning.

Sheriff's Office.

Roy Harmon, who was sentenced in several cases in the district court on theft for two years, will be taken to the penitentiary within the next day or two from the Dallas jail, where he has been kept since the tearing down of the old Navarro county jail, according to information received at the sheriff's office.

LEAGUE OF NATIONS NOTIFIED AMERICA WILL PARTICIPATE

PARTY LEADERS MET WITH PRESIDENT AT BREAKFAST OVER MATTER

By Associated Press.

Washington, Jan. 30.—President Coolidge discussed the forthcoming treaty of the disarmament question at Geneva at the White House breakfast today, attended by Senator Curtis, Republican leader; Senator Robinson, Democratic leader; and Senator Swan of Virginia, ranking Democrat on the foreign relations committee.

By Associated Press.

Geneva, Jan. 30.—The League of Nations was notified by Secretary of State Kellogg today that the United States accepts its invitation to send representatives to the preliminary meeting at Geneva which is to arrange for the convocation of the international disarmament conference.

By Associated Press.

Washington, Jan. 30.—Plans for American participation in the parliamentary disarmament discussion at Geneva crystallized into a definite project without debate the resolution providing \$50,000 to pay the expenses of an American delegation. The House already had approved it and the next step will be communication to the council of the League of Nations of an official acceptance of the invitation to take part and announcement by President Coolidge of the personnel of the delegation.

Meanwhile, preparation of instructions for the delegation is well advanced. The American group will be ready to sail from New York Feb. 6, if there is no decision in Geneva to postpone the meeting to a later date.

Minister Hugh Gibson at Berne, Switzerland, will head the American delegation and Rear Admiral Hilary J. Jones and Brig. Gen. H. A. Smith, who have been in collaboration with State Department officials in preparations of instructions, now are slated for appointment as chief technical advisers. They will have the assistance of other officers of both the War and Navy Departments and will be authorized to draft military or naval attaches now abroad for service.

By Associated Press.

Washington, Jan. 30.—The League of Nations was notified by Secretary of State Kellogg today that the United States accepts its invitation to send representatives to the preliminary meeting at Geneva which is to arrange for the convocation of the international disarmament conference.

THE MAN WHO COULD BE KING

Comment on the Uniform International Sunday School Lesson for January 31, 1926: Read John 6.

WM. SOUTHERN, JR.

JESUS FEEDS FIVE THOUSAND MEN.

John 6:1-14.

1 After these things Jesus went over the sea of Galilee, which is the sea of Tiberias.

2 And a great multitude followed him, because they saw his miracles which he did on them that were diseased.

3 And Jesus went up into mountain, and there he sat with his disciples.

4 And the passover, a feast of the Jews, was nigh.

5 When Jesus then lifted up his eyes, and saw a great company come unto him, he saith unto Philip, Whence shall we buy bread, that these may eat?

6 And this he said, to prove him: for he himself knew what he would do.

7 Philip answered him, Two hundred pennyworth of bread is not sufficient for them, that every one of them may take a little.

8 One of his disciples, Andrew, Simon Peter's brother, saith unto him,

9 There is a lad here, which hath five loaves, and two small fishes: but what are they among so many?

10 And Jesus said, Make the men sit down. Now there was much grass in the place. So the men sat down, in number, about five thousand.

11 And Jesus took the loaves; and when he had given thanks, he distributed to the disciples, and the disciples to them that were set down; and likewise of the fishes as much as they would.

12 When they were filled, he said unto his disciples, Gather up the fragments that remain that nothing be lost.

13 Therefore they gathered them together, and filled twelve baskets with the fragments of the five barley loaves, which remained over and above unto them that had eaten.

14 Then those men, when they had seen the miracle that Jesus did, said, This is of a truth that prophet that should come into the world.

The Golden Text.—"Jesus said unto them, I am the bread of life: he that cometh to me shall never hunger, and he that believeth on me shall never thirst."—John 6:35.

About the time that Herod, the head of the Baptist at Pales-

time was in a state of excitement. Strange things were happening, the

portents of the stars were said to promise wonders for that land.

Kings were uneasy, and the multitude ran hither and thither and talked excitedly with whoever would listen.

The ruling class in Jerusalem was especially disturbed. A young man was going about teaching and attracting enormous crowds. People followed him everywhere and proclaimed him to be the Messiah.

route when he travels. He may reach a destination via a choice of highways in many instances. He may go one way and return by another, so well covered is the state by her system of improved highways.

Waco to Fort Worth.—In making the trip from Waco to Fort Worth there is choice of two routes. From Waco to Hillsboro, Itasca, Alvarado into Fort Worth, is the route most generally used, but the trip can also be made over State Highway No. 67 out of Waco, to Meridian, thence over Highway No. 89 to Cleburne, thence over 2A into Tarrant county and then on over State Highway No. 2. This route is suggested for its beautiful scenery. The route leads through Bosque, Coryell, Somervell and Hood counties, passing en route through the towns of Walnut Mills, Clifton, Meridian, Walnut Springs, Cleburne and the highway is first class for the most of the way, leading sixty miles through Bosque, Mesquite, Fomey, Terrell, Elmo, Edgewood, Grand Saline, Mineola, Gladewater and Longview. This territory is devoted to farming fruit and vegetable growing, the dairy industry, and poultry raising. It traverses the northeastern section of the state, providing an outlet into Louisiana for travel that may enter the state from the north and northwest.

Fort Worth to Marshall.—State Highway No. 1 from Fort Worth to Dallas, and thence over Highway No. 15 to Marshall, passing en route through the counties of Tarrant, Dallas, Kaufman, Van Zandt, Smith, Gregg and Harrison, the highway serves the towns of Arlington, Mesquite, Fomey, Terrell, Elmo, Edgewood, Grand Saline, Mineola, Gladewater and Longview. This territory is devoted to farming fruit and vegetable growing, the dairy industry, and poultry raising. It traverses the northeastern section of the state, providing an outlet into Louisiana for travel that may enter the state from the north and northwest.

Fort Worth, Albany, Estelline.—From Fort Worth, making the trip westward, the route leads over Highway No. 1 to Mineral Wells, thence over No. 1A to Albany and from this point on to Estelline and the intersection of Highway No. 18, the route is over Highway No. 18, the route is known as the "Home of the Hereford" his always been noted for the breeding of fine cattle. In the county at Moran, is the discovery pool of oil in West Texas. Albany is termed the converging point of all highway travel from the west and the plains, going to the southeast or to the thickly settled northeastern part of the state.

L. K. Elkins of Barry was a business visitor in Corsicana Saturday afternoon.

INDIGESTION

North Carolina Lady Says She
Had An Awful Time With
Indigestion, Till She Took
Black-Draught.

Pilot Mountain, N. C.—"For several
years I suffered with a bad case
of chronic indigestion," says Mrs.
Sam C. Luman, of this place. "I
had had spells with my stomach.
At times I had severe pains in my
right side. My stomach would get
upset and I would have an awful
time. It seemed like everything
I ate disagreed with me. I was in
pretty bad shape.
"My husband had been using The-
ford's Black-Draught for some time
for indigestion. He had spells of it
too, so he suggested that I try
Black-Draught. I took some from
his box, just to see if it would help
me, and I found it was the very
thing for my trouble. It did me a
great deal of good. My condition
was brought on by a chronic case of
constipation and, by getting relief
from this, I found my general health
was much better.
"We keep Black-Draught in the
house all the time. Whenever I
find I need it, I take several doses
and thus avert a bad spell of in-
digestion. It is a splendid medicine
and I am glad to say so."
Sold everywhere. NC-173

COURT HOUSE NEWS.

From Tuesday's Daily.

District Court.
District Judge Hawkins Scar-
borough handed down a ruling on
the injunction proceedings filed sev-
eral days ago and heard Saturday
styled the State of Texas vs. Wil-
liam Noble, et al, injunction, seek-
ing to restrain and enjoin defend-
ants from operating the Corsicana
Recreational Club on South Beaton
street, alleging that it was being
operated as a pool hall contrary to
the law. The judge sustained the
injunction. The State of Texas was
represented by County Attorney L.
J. Woods. The defendants were re-
presented by Jester & George.

District Clerk's Office.
During the month of January,
there were thirty civil and divorce
cases filed in the district clerk's of-
fice as follows:
Debt and foreclosure, 1; trespass,
try title and damages, 3; default-
ing juror, 1; injunctions, 3; to re-
move disabilities of minority, 2;
divorce, 15; damages, 1; suit on
notes, 2; to set aside award of in-
dustrial accident board, 1; to re-
move cloud from title, 1.

County Clerk's Office.
During the month of January,
there were 55 marriage licenses is-
sued, 46 births and 22 deaths re-
corded in the county clerk's office.

Levy Coast to Coast vaudeville.
Four prizes will be given, first,
\$10, second \$5, third \$3, and fourth
\$2. Full details can be secured at
the Ideal Theatre, Corsicana.

NEGRO CONFESSES
TO SLAYING WOMAN
AND MAN COMPANION

By Associated Press.
Birmingham, Feb. 1.—Horace D.
Devaughn, negro, who has confessed
to slaying Mrs. Ruby Thornton
and A. B. Moore on a lonely road
near here on the night of January
19, was in the Jefferson county jail
today, under guard to insure his
safety. Moore was supervisor of
safety and sanitation for the South-
ern Railway.

According to the negro, he shot
Mrs. Thornton and her companion
when he became angered by the
cursing of Moore.

Devaughn claimed that he was
walking along the lonely road
where Moore's automobile was
parked when he was accosted by
the white man. Moore started to
advance and the negro fired, he
said. Then the woman sprang from
the automobile at the first sign of
trouble and ran into the woods. She
was shot in the back fifty yards
away.

DE LAVAL SEPARATORS

Why continue to give
your butter to your
hogs and chickens, by
the old method of
skimming the milk, —
when with the new De-
Laval Separator you can
increase your butter pro-
duction — give the skim-
med milk to stock, and
you are not worried with
so much milk waiting
for the cream to rise.
Come in and let us show
you the new DeLaval.

Don't forget we handle
the Buckeye and Queen
Inhibitors, also. Get
our prices on implements
before you buy—they are
right.
